

ASDA EXEM AUTO AIDS PVT.LTD

Enabling Smooth Functioning.....

ASDA EXEM AUTO AIDS (P) LTD.

Is an ISO 9001: 2008 Company engaged in the manufacturing and supplies of Molded and Extruded rubber components. It is a member company of the conglomerate, "Asia Automotive Group of Companies", located in the industrial zone of Nasik, Maharashtra (India). The manufacturing Facilities are spread over 2800 Sq. Mt. of land and the company has 18000 Sq. Ft. of built up factory structure. The team of ASDA consists of trained and experienced workmen and the staff consists of Technocrats, trained and focused on manufacturing globally acceptable, high Quality and performance oriented components at extremely low costs .ASDA maintains its office in Mumbai, the commercial capital of India, and the plant is located 180 Kms from Mumbai which is accessible by Road / Rail in merely 3 Hours. We also have our offices and marketing personnel located at most of the commercially important metros in India. ASDA is proud of its excellent relations with large business Houses in the country.

ACHIEVEMENT

ASDA started as a small manufacturer in 1996 but with proper systems and plans. Today it has entered the global rubber component manufacturing market. In a short period it earned ISO 9001-2008 quality certification. ASDA is now going for ISO TS 16949 : 2002. QS 9000 systems are followed apart from also following all the international norms of planning, production and packaging. Today our products are readily accepted in the export market in various countries for both OEM as well as aftermarket sales.

VISION

We see the day when ASDA is one of the large OEM suppliers for high quality Rubber Components to the domestic & export markets. We wish to achieve this through our total commitment and practice of the stringent quality policy. Our lasting relationship with our existing customers is our backbone and we wish to expand our horizons more so.

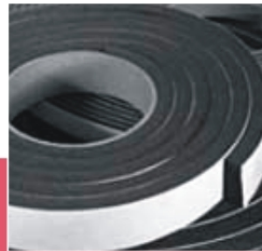

CAPABILITIES AND FACILITIES

The state-of-the-art manufacturing facility at ASDA has Molding and Extrusion facilities with tremendous installed capacity and a continually expanding capacity by addition of the latest fully automated equipments year after year. A Full-fledged laboratory for Testing the compounds at each stage of the manufacturing process to ensure the end product meets the desired specification and outlives the expected life as far as performance of the product is concerned. In-house tooling facilities are available at ASDA for fast and accurate tooling development. Our internal tool room also reduces the development cost & time thereby making ASDA more competitive. Continuous training in all areas of operations gives the Team at ASDA a head start over our competition and provides our company with High Caliber of Human Resource. Most Key operations are in-house hence the Quality Control is the best available. The Design, research and development department is equipped with a library on every aspect of rubber technology. AutoCAD, CAD CAM & other software's are used to ensure that the customer gets nothing but the best.

ASDA Rubber Products find their application and acceptance in the following Sectors :

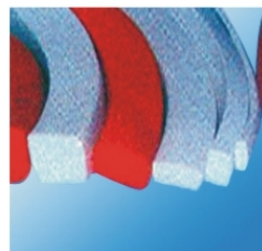

- Automobile
- Electrical
- Electronics
- General Engineering
- Construction & Infrastructural Projects
- Marine
- Aerospace
- Defense
- Railways
- Telecommunication
- Pharmaceutical
- And various other industries

Partial List Of Some Of Our Major Domestic Customers.

- Tata Auto comp Systems Ltd (TACO)
- Victor Gasket India Ltd
- Sankar Sealing Systems Pvt Ltd
- Crompton & Greaves Ltd., Ambad, Nashik
- C. G. Lucy Switch Gear Ltd., Ambad, Nashik
- ABB Ltd.
- Larson & Toubro (L & T)
- Gabriel India Ltd.
- Blue Star Ltd., Mumbai
- Arrow Web Text Ltd, Satpur, Nashik
- Rishabh Instruments Ltd. Satpur, Nashik
- Taparia Tools Ltd. Satpur, Nashik
- Tekson Radiators Ltd., Mumbai
- Standard Radiators, Gujrat
- ThyssenKrupp Electrical Steel India Pvt Ltd . Gonde, Nashik
- Force Motors, Pune.
- Siemens India Ltd, Ambad, Nashik
- Ashok Layland.
- AND MANY MORE.....

PRODUCT RANGE

Gaskets
Bushings
Seals
O Rings
Bellows
Diaphragms
Grommets
Rubber Chords
Extruded/ Co- Extruded
Rubber Profiles
Rubber Rollers
Metal Inserted & Sponge Co-
Extruded Rubber Profiles.
Poly Urethane Rubber Products
Metal To Rubber Bonded Products

WE DEAL WITH

Nitrile
Neoprene
EPDM
Natural
Silicon
HNBR
Viton
Poly Acrylic
Poly Urethane
